Define your problem statement

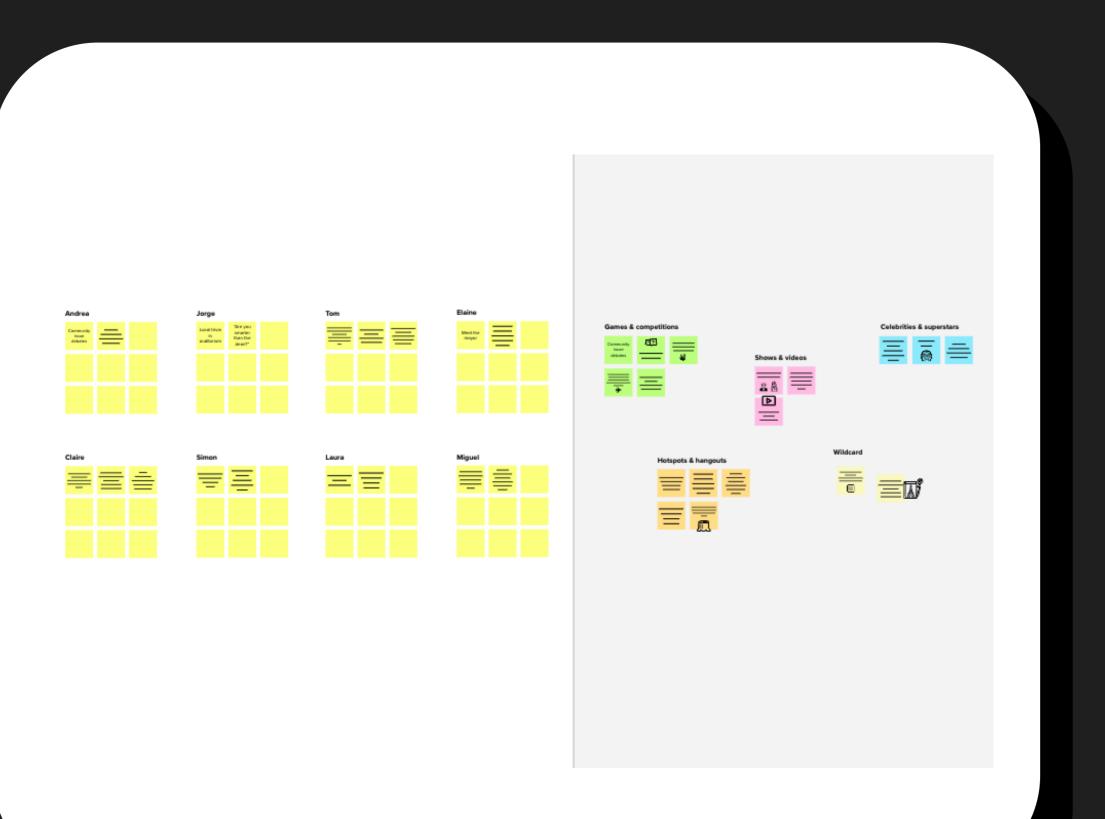

What problem are you trying to solve? Frame your problem as a How Might We statement. This will be the focus of your brainstorm.

5 minutes

Problem statement

The primary objective of this project is to develop an interactive dashboard that can help healthcare professionals, researchers, and even individuals to visualize historical heart disease data, understand key trends, and predict the likelihood of heart disease in patients based on their health parameters.

Prioritize

Your team should all be on the same page about what's important moving forward. Place your ideas on this grid to determine which ideas are important and which are feasible.

① 20 minutes

Participants can use their cursors to point at where sticky notes should go on the grid. The facilitator can confirm the spot by using the laser pointer holding the **H key** on the keyboard.
